RESPONSE TO SHOW CAUSE ORDER REGARDING JOINDER OF DEFENDANTS

4/11/2012

Plaintiff's explanation of the BitTorrent P2P protocol and its operation, coupled with the representation that all John Doe defendants are New York State residents, makes a preliminary showing of proper joinder under Fed R Civ P 20. This ruling is without prejudice to any severance motion that may be made by a particular defendant after that defendant has been served and appears.
